Hi all, quick question. Has there been any discussion on the stance of potential new city council member Pilar Rocha-Goldberg vis a vis our campaign and resolution? Her resume/bio includes mention of her being active in Beth El synagogue. A red flag for me. Potential obstacle for us. Also, have you all discussed the PA endorsement mtg on Monday for Steve's vacant seat and asking candidates abt their position re: policing, safety, militarization (if not explicitly abt our "in-process" resolution)? Are any of you going? Don't remember seeing anything in the minutes abt these questions but please forgive me if I'm forgetting or if I've missed something. Thanks, Elyse

Hey y'all, I can't come to the PA endorsement meeting but that would be a good place to bring up concerns about Pilar not actually being very progressive. Happy to talk about my thoughts on the whole process more on the phone! On Jan 5, 2018, at 10:24 AM, Elyse Crystall wrote: Hi all, quick question. I was feeling like I don't have energy capacity for doing our weekly meeting tomorrow and going to the endorsement meeting. Also they overlap.

I wonder how much that endorsement will influence the choice?
